ABOUT LEADERSHIP VICTORIA

Founded in 2000, Leadership Victoria is a community-voluntary organization committed to developing, supporting, recognizing and honouring outstanding community leaders in building a vibrant community. Over the last decade, we have become the “go to” organization for community leadership in Greater Victoria. As volunteer board members, coaches, mentors, facilitators and program partners, we put our collective skills and expertise to work to develop Victoria’s emerging generation of leaders.

Leadership Victoria believes the community’s future is in our hands. Because community leadership can be taught and learned, as a community we are accountable for developing emerging leaders and ensuring the current generation passes on its skills and wisdom to promising new leaders. Our community faces many challenges. Experienced, trained leaders are required more than ever to tackle those challenges head on. Leadership Victoria’s successes speak loudly – a decade of hands-on, tangible community legacies and an engaged network of active community leaders putting their skills to work every day.

Since its inception, the Leadership Victoria Development program has graduated 216 participants whose legacy has been 40 community action projects.
