

Testimonials from 2009 Victoria's Leadership Awards Sponsors

Support your community through this beneficial event!

"Leadership Victoria is an important organization within the Victoria business and non-profit community, simply because they completely fulfill the mandate of their name. At 'A' British Columbia we value our ongoing support for Leadership Victoria, and I am proud to be an active participant in the Leadership Victoria projects every year."

~ 'A' British Columbia

Get to know like-minded community leaders!

"TELUS is committed to supporting the communities in which it works. The Leadership Victoria program complements this commitment by both increasing awareness of the different areas that make up the Victoria community and developing community leaders. We have been successfully involved with the program for several years and have graduated several staff, all of whom are actively involved in different community activities and all of whom speak positively about the experience".

~ TELUS

Be the change in your community!

"We feel it is important to encourage and celebrate leadership in the city of Victoria."

~ Il Terrazzo Ristorante

Use the opportunity to showcase your business!

"Not only was it a privilege to be amongst some of this city's finest leaders to support them in celebrating their accomplishments, the event itself was an excellent opportunity to network and connect with some of Victoria's most influential movers and shakers! If you are on the fence about where to place your sponsorship dollars this year, this event should be on your "Must Do" List."

~ First Island Financial
