Monique Lacerte-Roth	

ABOUT LEADERSHIP VICTORIA

Leadership Victoria is a community based not for profit organization that provides participants from all walks of life with the confidence, knowledge, skills and networks they need to become committed and capable community leaders. Participants enhance their personal leadership skills, practice hands on team building and team leading approaches, and develop a deeper understanding of community systems.

Working collaboratively with eminent leaders from all sectors, Leadership Victoria constructs and delivers a challenging, life-enriching nine-month action study program that identifies, motivates and hones the skills of emerging leaders. Through the rich sharing of ideas, experiences, resources and networks, current leaders pass the torch of leadership to participants who in turn become informed, active citizens and well rounded contributors to the community.

Since its inception in 2000, the program has graduated 198 participants whose legacy has been 36 community action projects.

Leadership Victoria is able to inspire and engage participants because of the significant gift of volunteer time from over 100+ volunteers that help to make our community leadership training program a reality.
